CLOSING WEAK AND DULL

Operators for Most Part Watch Cotton Fluctuations and Await Far Eastern Developments.

(By Associated Press.)

'ENV YORK, Feb. 5.-To-day's stock market was a drifting match, operators for the most part standing idly by ane watching the amazing fluctuations in the cotton market and awaiting the expected definite outcome of the question of peace or war in the Far Best. The grain markets also were inclined to run off. The weakness of stocks grew more marked as the day progressed, and during the latter part of the session losses of a point or more became quite general in the preminent active stocks. The market showed no effective resiliency, and the closing was weak and quit. There were some early points of resistance to the declining tendency.

The liret marked weakness developed in Wahadu preferred and in Pennsylvania, and the whole market weakened after the publication of a report that the Pennsylvania interests had resued notes for \$20,00,000 for eighteen months at 4 1-2 per cent.

Several reports were circulated during the day to indicate a settlement of the Peoria-Gould dispute, and an effort was made to make the proceeds of this loan applicable to this settlement, but without any avail to check the decline in the stocks affected. Rumors have been abundant for some days past of a contemplated capital issue by the Pennayivania, which have been vigorously denied. These evidences of heavy loan expansion, to which was added the sale of \$5,600,00 of Missouri Pacific notes, were of more effect on sentiment than the estimates of a gain in cash reserves by the banks on the week of about \$2,000,000, in spite of the large sub-treasury requirement and shipments to New Orleans.

The defendant denied all of the statements made by her former clerks to

Sensational Fluctuations in Great

Staples Features of Week.

Staples Features of Week.

(By Associated Press.)

NEW YORK, Feb. 5.—R. G. Dun and Company's Weekly Review of Trade tomorrow will say:

Sensational fluctuations in the great staples were the features of the week, cotton and coffee attaining new high records for the season, but subsequently decilning sharply, while grain advanced.

Trade reports are irregular, improvement at the South and West finding it it response at the large Eastern cities. Persistent low temperatures is providing a good demand for heavy wearing apparel and increasing the difficulties of transportation. Spring buyers are arriving in large numbers, with noteworthy eagerness to secure cotton goods, even at the enhanced prices.

Railway earnings for January averaged 7 per cent, larger than in 1903.

Just when buyers of cotton goods were beginning to exhibit a pronounced disposition to place more liberal orders, the collapse in the raw material produced hestiation. Consumers have reduced supplies in the hands of dealers to a point that necessitates replenishing, and the incuries for prompt shipment were expanding but it is natural that the market should become uncertain when the prices for goods are very high and raw cotton declines 80 a bale in a single day. Notwithstanding this interruption, a better volume of trade is in progress, and it is recognized that goods were by no means on a parity with raw material at its zenith.

Commercial fatheres this week are 246, against 254 the corresponding week last

Zenith.

Commercial failures this week are 246, against 264 the corresponding week last

BEFORE FOOTLIGHTS.

Ladies of Woman's College Give Play at Richmond College.

The Revolutionary drama entitled 'When the Bugle Sounds," which was given by the Woman's College last night,

will be presented in Richmond College Chapel to-night.

The young ladies participating are Misses Jennings, Caine, Hundley, Staunton, Christian and Edwards. Those are assisted by the following students from Richmond College: Mesars. Tyler, ITCombs, Freeman, Cutchins and Ryland

Ironis, Freeman. Cutchins and Try-land.

The performance is one of the most creditable ever given by an amateur company in the city. It abounds in thrilling incidents and startling climaxes. Humor and pathos are mingled in a most effective manner. The performance at the Woman's College is given by the Dramatic Club of that institution, and admission is by invitation. At Richmond College, however, a small admission fee will be charged, which will be for the benefit of the Athetic Association.
